2011 CORPORATE CATALOGUE

CORPORATE GIFT COLLECTION

RKW understands that many companies are looking for innovative and original ways to promote their companies, reward their employees, or simply to say thank you to those who have helped them along the way. Our line of Corporate Gift items reflects your need to be elegant, innovative and unique in order to ensure that your company stands out from the crowd. We truly believe that once your clients, or employees, see and hold our products in their hands, they will feel the quality, craftsmanship, and luxury that you feel they deserve.

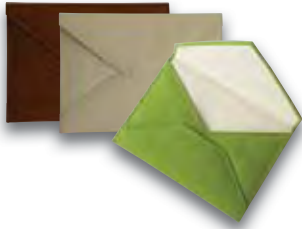

In addition to our listed items, we are also able to customize our products, design exclusive items, offer different leather, faux leather and fabric options as well as branding methods to match almost any budget!

Even more exciting is our new Recycled Leather! Made from 100% recycled cowhide fibers, or "shavings", this leather is bonded together using natural latex, acquired by the Heyea tree- a renewable resource and without harming the tree. This new leather option not only looks, feels and smells like our top grain leather, it helps to reduce the quantity of shavings sent to landfills and gives renewed life to otherwise discarded leather fibers. RKW and our customers can now produce items of quality that are not only functional, useful and long lasting but which also help to make a positive impact on our environment!

Need top quality gifts or gift ideas with same day or next day shipping? Again, no problem! RKW has a large inventory of our top grain leather items available and in stock in our signature Retail line. These items can be viewed online at www.rkwcollection.com or by requesting a copy of our catalogue either by email or regular mail.

To receive additional information on how to "Gift" with distinction, or to receive a personalized quote, please email us at info@rkwcollection.com.

We look forward to hearing from you!

CUSTOM ORDER INFORMATION

Not only can you now purchase smaller quantities, we are also offering substantial discounts as well as multiple options for you to choose from to imprint your own company logo or that of your clients. Need your items gift wrapped, or a special message attached, no problem...we can do that too!

Details

- Minimum order quantities will apply. Orders of less than the minimum quantity required will incur a small order administration fee.
- Company logos can be debossed into our products. A one time fee is charged to create your company block. This charge starts at \$75.00 per block but can be higher depending on the size of the logo.
- 1 logo deboss is included in our item cost. Each additional deboss of the same logo will be charged at a rate of \$0.25 cents per deboss.
- Artwork for your logo must be sent in a .pdf or jpeg format.
- Future orders with RKW will not incur additional charges for your logo unless the sizing of the logo is changed and requires a new block.
- All custom items quoted by RKW will also estimate the shipping charges. Shipping items by sea requires approximately 30-35 days and includes custom clearance time. Should you wish to expedite your items due to short time frames, we recommend using our FedEx 4-day service.
- Custom orders must allow adequate delivery time as estimated below; however items will be shipped as soon as they are complete

CUSTOM ORDER TIMELINES

At RKW, we work extremely hard to produce custom orders as quickly as possible while maintaining and ensuring the high quality and detail that we have become known for.

As many elements can affect the time in which it takes to design, manufacture and deliver a custom product, we have detailed below example scenarios which will help you to estimate the time required for your custom order.

1. Custom order of items already designed and leather or faux leather colour in stock: **45 days** from receipt of a Purchase Order, a .pdf or jpeg file of logo to be debossed and a deposit of 50% of the purchase total.
2. Custom order of items already designed but with a custom leather or faux leather pantone #: **60 days** from receipt of a Purchase Order, a .pdf or jpeg file of logo to be debossed and a deposit of 50% of the purchase total.
3. Custom order of a new item: **90 days**. A physical sample of the new item must be made and approved before production can begin. We can begin this process as soon as all the artwork for the new item is received. Once we receive your approval of the new sample, we will once again request an official Purchase Order, a .pdf or jpeg file of the logo to be debossed and a deposit of 50% of the purchase total.

These are time-estimates only. Weather delays, high volume periods in our factory, and project size can all increase the time required to complete an order. We will definitely advise you, at the time of your inquiry, of any potential delays and provide an accurate delivery date for your specific project. We take great pride in delivering our products on time and will do everything we can to ensure this!

IMPRINTING METHODS

Although there are many ways to imprint logos onto our products, we want to ensure these methods maintain the level of quality that you have come to expect with RKW products. We are currently offering the following imprinting methods:

Embroidered Patch

This is a classy and simple way to add your company logo to our products. We can customize leather or faux leather patch and stitching thread colour to match almost any corporate colour scheme. Ask us for more details!

Custom Fabric Lining

A creative way to add your company logo to our custom products is to line the inside with your own custom fabric! Your logo is repeated throughout the fabric. Specific quantities and charges apply.

Custom Labels

This is an inventive and discreet way to add your company logo to either the exterior or interior of your custom item. These custom labels will be sewn directly into the seams for added longevity.

Silk Screening Method

Using this method, we can imprint a company logo on existing inventory items as well as on custom order items. A simple jpeg or pdf format of the desired logo and space in the production line is all we need!

De-bossing Method

This is a very subtle and classy way to imprint a corporate logo into our products and the method RKW has chosen when imprinting our very own logo.

PACKAGING & GIFT WRAP OPTIONS

Custom orders with RKW are individually packed into clear poly bag packaging. If you would like to enhance the presentation of your gifts, we also offer the following packaging options:

GIFT BOXES & COLOURED TISSUE

RKW offers 2 options for gift boxes. Our first and least expensive is a durable white glossy gift box with a selection of tissue paper colours. The second option is a custom coloured gift box, either glossy or matte and a selection of tissue paper colours. Please let us know if you are interested in enhancing your order with either of these options.

GIFT BAG & TISSUE PAPER

This option allows you to choose between offering an RKW gift bag and tissue paper & ribbon or to request your own colour palettes to match a company logo or colour scheme. Ask us about also incorporating a personalized logo and colour scheme onto the gift bag or ribbon!

GIFT WRAP

RKW can pre-wrap each of your gifts in an attractive red wrapping paper and silver ribbon or perhaps customize the colour to best suit your company logo or the season. Customized foil stickers can also be placed on the outside for added effect.

Whatever ever option you choose, we are always interested in working with you to find the best option for your time restraints and budget!

SHIPPING METHODS

Whether you wish to have your items shipped to you, sent to your clients directly or even to an off-site location, please let us know and we will be happy to ensure it arrives on time and using the most affordable shipping option available. Shipping charges will vary depending on the size of each order, the shipping method used and the end destination. These charges can be placed on your final RKW invoice or directly on your preferred courier account number.

INVENTORY QUANTITIES

We strive to keep our products and colour selections in stock however these quantities do change on a daily basis as new orders are filled, new product colours become available and seasonal colours become out of date. We will do our very best to fill each order as requested or provide a viable solution to best meet your needs. We do suggest confirming your orders with one of our sales associates well in advance of your required 'receive by date' to ensure we can reserve your items in our system or manufacture them in time, if need be. We will notify you immediately upon receipt of your order if a secondary option must be presented.

REQUIRED PAYMENTS

All orders must be paid in full before items are shipped. Custom orders require a 50% deposit to begin production and the balance will be due before your items ship.

ACCEPTED FORMS OF PAYMENT FROM CUSTOMERS

RKW Collection Inc. currently accepts company cheques, mail orders, and credit card/debit card payments. Credit and Debit card payments will incur a 4% fee to cover processing charges.

Thank you for your interest in RKW and we look forward to providing you with high-quality gift items that will certainly be cherished by anyone who receives them! Please do not hesitate to let us know if you have any comments or suggestions on how we may be able to improve our services to best meet your needs.
